San Bernardino County Superior Court will go live with online videos for family law litigants on November 7, 2014. The videos will be available on the court website at www.sb-court.org. The videos will provide information about the child custody recommending counseling process at Family Court Services for parents dealing with custody or visitation disputes. There are also informational videos available about representing yourself in family court, child support basics, handling property and debt in your divorce and a family law overview.

The videos will provide important information to court users about court procedures and various services provided at the court. These videos support the recommendations and goals of the Elkins Family Law Task Force to ensure meaningful access to justice for all litigants, including self-represented litigants by improving litigant education. Additionally, by providing information and services such as the orientation on-line, court-users will have increased access to the Court and may be able to avoid having to drive long distances to get information or attend a live orientation class.

This notice has been posted on the Court's website www.sb-court.org.
